

Job Opening: Middle School Science Teacher

Langston Charter Middle School Overview

Founded in the fall of 2005, Langston Charter Middle School has continued to provide a high-quality education to students in grades 6, 7 and 8 through single sex education with an emphasis on developing the next generation of leaders in the classroom and in the community. Faculty and staff partner with parents and students to create an environment focused on strong academics enriched by personal responsibility through a steadfast commitment from all stakeholders. Students at Langston are provided with an opportunity to earn up to 4 high school credits by the end of 8th grade. Teachers continually hone skills through professional development and advanced degrees. The combination of experienced teachers, dedicated parents, and motivated students has been and continues to be the key to Langston's success as evidenced by student performance year after year on the state report card.

Position Overview:

We are seeking a dedicated and passionate Science Teacher to join our team at Langston Charter Middle School. As a Science Teacher, you will be responsible for creating a stimulating and engaging learning environment where students can explore and develop their scientific knowledge and skills. The ideal candidate will have a strong background in science, excellent communication skills, and a genuine desire to inspire and motivate students.

Responsibilities:

1. Design and implement comprehensive and age-appropriate science curriculum aligned with state standards and the school's mission.
2. Plan, prepare, and deliver engaging science lessons that cater to a diverse group of students, ensuring differentiation to accommodate various learning styles and abilities.
3. Foster a positive and inclusive classroom environment that promotes inquiry, critical thinking, and scientific investigation.
4. Utilize a variety of instructional strategies, resources, and technologies to enhance student learning and promote scientific literacy.
5. Conduct laboratory experiments and demonstrations, ensuring students adhere to safety protocols and guidelines.
6. Assess and evaluate student progress through various assessment methods, including formative and summative assessments, and provide constructive feedback to students and parents.
7. Maintain accurate and up-to-date records of student attendance, grades, and other relevant information.
8. Collaborate with colleagues to develop interdisciplinary projects and initiatives that integrate science with other subjects.

9. Stay current with developments in the field of science education and participate in professional development activities to enhance teaching strategies and content knowledge.
10. Communicate regularly and effectively with students, parents, and colleagues regarding student progress, classroom activities, and upcoming events.
11. Participate in school-wide events, parent-teacher conferences, and faculty meetings as required.
12. Uphold and enforce school policies and procedures, promoting a safe and respectful learning environment.

Qualifications:

1. Bachelor's degree in Science Education, Biology, Chemistry, Physics, or a related field (Master's degree preferred).
2. Teaching certification in Science (middle school level).
3. Prior teaching experience, preferably in a middle school setting.
4. Strong knowledge of middle school science curriculum and standards.
5. Ability to create engaging lesson plans and instructional materials that meet the diverse needs of students.
6. Excellent communication and interpersonal skills, with the ability to build positive relationships with students, parents, and colleagues.
7. Demonstrated ability to effectively manage a classroom, maintain discipline, and create a positive learning environment.
8. Proficient in integrating technology into teaching practices to enhance student learning.
9. Passion for science education and a commitment to inspiring and motivating students to explore and pursue scientific knowledge.
10. Flexibility, adaptability, and a willingness to collaborate and contribute to a dynamic educational environment.

We offer a competitive salary package and a supportive work environment that encourages professional growth and development. If you are enthusiastic about science education and dedicated to fostering student success, we invite you to join our team as a Science Teacher at Langston Charter Middle School.
